

SHAPING THE FUTURE

20th Annual Condominium Conference

The 20th Annual CCI/ACMO Joint Condominium Conference – Shaping the Future was a huge success. This conference, which just keeps on growing, was held on November 11th and 12th, 2016 in the north building of the Toronto Congress Centre. Attendance this year topped 2000 delegates and 242 exhibit booths.

Conference Co-Chair and ACMO President, Robert Weinberg, opened the conference on November 11th with welcoming remarks, while his Co-Chair and Past President of CCI-T, Mario Deo, closed the show on November 12th. In between, delegates were treated to a multitude of excellent educational sessions offering outstanding learning opportunities for both condo directors and managers. The keynote presentation by Jim Carroll which kicked things off on Saturday morning, was another highlight of the conference. Recognized world-wide as a ‘thought leader’, Jim certainly inspired our audience and got them thinking about global change, business transformation and more! Sincere appreciation is extended to all of the speakers and moderators who participated this year as well as to all of the committee members from both CCI-T and ACMO who contributed countless volunteer hours planning for this year’s conference.

The trade show is an integral part of the conference and affords additional learning op-

Josh Milgrom @JoshMilgrom
No one-size fits all approach. Community should be considered, all encouraged to improve safety #condochat

Mo Killu @MoKillu
Boutique and newer condos are moving towards remote security monitoring for cost saving while still receiving 24hr surveillance. #condochat

DigiNotice @digitalcondo
The condo environment is your home. Everyone should see it as such. Owners, renters, visitors. Set the tone and communicate it. #CondoChat

DigiNotice @digitalcondo
So post the rules in a place where residents AND would-be guests will see it. Usually the front desk. #CondoChat

Josh Milgrom @JoshMilgrom
Physical barriers, well-placed video cameras, increased lighting, access control – can all contribute to increased safety #condochat

Mo Killu @MoKillu
Fine line between securing property & encroaching privacy. Keep camera use limited to violate reasonable privacy expectations #condochat

The #CondoChat capture is available for viewing at <https://storify.com/CCIToronto/condochat-security>, Our next Twitter chat will take place on February 2nd 2017 from noon to 1:00, on the subject of Condo Vacation Disasters.
